3. The Zoom section shows a list of scheduled class Zoom sessions. Click Join.
4. Zoom will open a new launching page.

- If you haven't installed the Zoom client on your machine, you should get a prompt to approve a download and install.
- After Zoom is installed, the launching page should automatically open the Zoom client.

5. **If Zoom doesn't download**, go to this site and download and install manually: <https://support.zoom.us/hc/en-us/articles/201362233-Where-Do-I-Download-The-Latest-Version->
6. **If Zoom is installed but doesn't open the meeting automatically**, check CatCourses for the Meeting ID for the meeting you're trying to join. Open the Zoom client yourself. Look for a "Join" option, and enter the Meeting ID in the appropriate box.
